

Acacia Elementary School

Inclement Weather Procedures

Periodically, there will be inclement weather right at the time when we are dismissing students. We want you to know that we plan for these occasions and that our #1 priority is always the safety of students and staff.

If dangerous weather (i.e., lightning or downpour) is present as we prepare for dismissal, we may decide to call for our inclement weather dismissal. Keep in mind this is only if it is a downpour and lightning. If it is a light or moderate rain, we will dismiss it as usual.

We will have staff members outside to help to assist with our inclement weather dismissal. We will have signs out at parent pick-up when we can issued an inclement weather dismissal. (please see attached picture).

Procedures for: Parent Pick-Up/ Bus Riders

Parent Pick-Up Student(s): Students who are parent pick-up will remain in their classroom. Parents will need to park and pick up their student(s) from the classroom.

Students who ride the bus: When deemed safe, the classroom teacher will walk the students to their bus.

Thank you in advance for your understanding, grace and patience.
